

Specializations

Education

Science

- Physics
- Chemistry
- Pharmacy
- Catt-Computer physics
- Atomic & nuclear physics
- Optics
- Ecology – Environment
- Agriculture
- Biology
- Geo science
- Medicine

Engineering

- Electricals Engineering
- Electronics Engineering
- Renewable Energy & LED
- IT / Communication Engineering
- Test & Measurement
- Intelligent Robot / Automation
- Mechatronics
- Simulation Software
- Hydrodynamics
- Aerodynamics

Specializations

- Thermodynamics
- Refrigeration & Air Conditioning System
- Automotive Educational system
- Installation Engineering
- Electrical Power Engineering
- Power Electronics, Machines & Drive
- Process Control
- Electro pneumatics / Hydraulics /pneumatics
- Microcontrollers
- Automation Technology
- Chemical Engineering
- Ecology – Environment
- Agriculture
- Civil Engineering
- Type Line Food Technologies
- Analytical products
- Software Development
- Microprocessor
- EMBEDDED
- ASIC trainer

Analytical equipment

- X-rays instruments
- Spectroscopy
- Chromatography
- Thermal analyzers
- Sample preparation equipment
- General lab instruments

Specializations

Oil & Gas

- Distillation
- PH
- Conductivity
- Turbidity
- Density
- Viscosity
- Fire point
- Flash point
- Cloud point
- Freeze point
- Boiling point

Chemical Testing

- Elemental analysis (Nitrogen analysis, Sulfur content, etc...)
- Compound analysis (NH₃, SO₂, CS₂, etc...)
- Corrosion, rusting, particle counting, oxidation, etc...

Remote Sensing

- Monitoring
- Security
- Hyper spectral imaging
- FTIR remote sensing
- OPS (open path air monitoring system)
- Chemical security
- Industrial plant safety wireless systems
